

## Project description

Redfort designed and built a garden enclosure with gate for a Dutch children's fashion company and the private residence located on the same plot. The solution combines security and privacy with a refined aesthetic that connects the business and home in one coherent design.

## Product information

Product: Lalace

Application: Enclosure

Function: Garden

Type: Bended

Material / coating: Stainless Steel PVC coated

Pattern: Original (#01) + logo

Colour: White

Pattern ratio: 40/60

Mounting: Binding wire

Project size: 173 m2
