

Project description

Trees projected on the enclosure and railings that connect the parking and square areas. Our cultivated environments are celebrated the most in cities. Especially in environments like cities references to nature add to the quality of living.

Product information

Product: Lalace

Application: Enclosure

Function: Parking and square

Type: Bended

Material / coating: Galvanised

Pattern: Custom trees

Colour: Galvanised

Pattern ratio: 30/70

Mounting: Binding cables

Project size: 181 m2
