

Project description

Enclosure and gates for a large public sportspark. The pattern is inspired by 80 diff erent cultures living in the area and is meant to celebrate the diversity and connect the community. After intensive research including interviewing over 300 people living in the area which pattern they feel most related to, we have created this unique and personal pattern collection.

Product information

Product: Lalace

Application: Enclosure

Function: Sportspark

Type: Welded

Material / coating: Stainless Steel powdercoated

Pattern: 80 cultures

Colour: White

Pattern ratio: 30/70

Mounting: Clips (type 1.1)

Project size: 484 m2
