

Project description

Artist Christie Beniston designed a perimeter fence for the Foothill Gold Line Operations Campus, inspired by the California Poppy. The “Poppy Orange” theme runs through the facility’s structures and landscape, while the architectural lace fence adds both security and an artistic element. From the public plaza, visitors can sit, enjoy the design, and watch the campus operations.

Product information

Product: Lalace

Application: Enclosure

Function: Train campus

Type: Welded

Material / coating: Stainless Steel powdercoated

Pattern: Poppy flowers

Colour: White

Pattern ratio: 90/10

Mounting: Plates (type 2.2)

Project size: 115 m2
