

Project description

Redfort realized the staircase enclosure for an apartment building, creating a safe and functional solution that blends seamlessly with the architecture. The design focuses on durability, comfort and aesthetic integration, adding both practical and visual value to the building.

Product information

Product: Lalace

Application: Railing

Function: Staircase

Type: Bended

Material / coating: Galvanised PVC coated

Pattern: Blossom (#08)

Colour: White

Pattern ratio: 40/60

Mounting: Clips (type 1.1)

Project size: 76 m2
