

Project description

With its volume and materialization, the new school complex forms a structuring element in its urban environment. The detailing is made friendly and inviting for the students by placing Lace fabrics in the public areas.

Product information

Product: Lalace

Application: Railing

Function: School

Type: Bended

Material / coating: Stainless Steel PVC coated

Pattern: Custom Flora & Fauna

Colour: White

Pattern ratio: 71/30

Mounting: Clips (type 1.1)

Project size: 324 m2
